

Karen Small, LMT
Creating space for healing and change

Directions:

Route 1 Southbound:

After crossing Charlestown/Westerly border, you will pass 1A (on left) and come to a stop light (Robin Hill Estates on right). South Woody Hill Road is the next right turn just after the South County Health Urgent/Walk-In Center. See **South Woody Hill Road**.

Route 1 Northbound:

Go through stoplight at intersection with Bradford Road (fire house, Westerly Community Credit Union, gas station and Benny's). Get into left turn lane. Turn left onto South Woody Hill Road just before the South County Health Urgent/Walk-In Center. See **South Woody Hill Road**.

South Woody Hill Road:

Drive less than one mile on South Woody Hill Road. You will reach an area with woods on the left and cross a small brook. At the top of the hill, the road bears left. The second house on the left is **#154**. The house is shingle style with white trim and a gravel driveway. There's a large white mailbox on a white post.

Park at the end of the driveway by the shed, and come to the house by the garden path to the left of the garage doors.
